

Cottage Inventory

Our cottages are fully equipped at the start of the season and checked regularly by the housekeeping staff. If any of the equipment listed is missing, broken or unsatisfactory, please let us know while you're here. We have spares of most items in stock, so we'll replace them straight away.

Breakages

Please tell us about any damage/breakage as soon as it happens so we can try and repair or replace the item for you and before the next guests arrive. We're very busy on changeover days, so it really helps us to know before you check out.

Anything else?

If there's anything else you need, please ask. We've got a range of baby equipment you can borrow, (see our [Staying with Babies and Toddlers page](#)), plus hairdryers and a CD player.
